Principles of Correct Dress Principles of Correct Dress Principles of Correct Dress Theclassics.us This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1914 edition. Excerpt: ... III OCCASION SHOULD GOVERN TOILETTE IT may be protested that I am endeavoring to inculcate extravagance. But I am not, as you shall admit very shortly. I am trying to reconcile two of fashion's present demands--the one for individuality and the other for occasion. But in fact these two demands are really one. First, let me define "occasion." In the morning we will admit the suitability of a tailor-made gown worn with a blouse of excessive neatness. Such a gown the American wears at breakfast, in that respect differing from the Frenchwoman, who takes her chocolate alone in the seclusion of the boudoir, clad in a muslin or cashmere peignoir. But suppose there is a wedding, a charity bazaar, or a luncheonparty to be attended; a drive en automobile; a hunt or a ride? Each occasion will determine the choice of attire. Yet there are women who will go in tailor-made attire to an afternoon reception, or to that smartest of affairs in the eyes of the Frenchwoman, a wedding. Excuses of great number and variety the defaulter will find for herself if questioned. She will say, "This is my new frock," or, "I haven't anything else fit to go in," or, again, "The day was dull," or, "The tailor-made is my choice, you know; I never wear anything else." All poor excuses, madame, not to be tolerated in any grade of society. The governess, the employee who is earning the most modest of incomes, can do better with logic as her possession, for her wardrobe will contain all her requirements. And its items shall be at once individual and fitting to the occasion. One year she will add to her store a single evening costume and a single tailor-made dress in which to walk out with her

pupils; the next she will find occasion to buy one afternoon gown of ceremony and... Principles of Correct Dress - Primary Source Edition This is a reproduction of a book published before 1923. Including Chapters by Jean Worth and Paul Poiret Knowledge... A Monthly Record of Science Principles of Clothing Selection Reforming Women's Fashion, 1850-1920 Politics, Health, and Art [Kent State University Press](#) This work focuses on the efforts toward reforming women's dress that took place in Europe and America in the latter half of the 18th century and the first decade of the 20th century, and the types of garments adopted by women to overcome the challenges posed by fashionable dress. It considers the many advocates for reform and examines their motives, their arguments for change, and how they promoted improvements in women's fashion. Though there was no single overarching dress reform movement, it reveals similarities among the arguments posed by diverse groups of reformers, including especially the equation of reform with an ideal image of improved health. Drawing on a variety of primary and secondary sources in the USA and Europe - including the popular press, advice books for women, allopathic and alternative medical literature, and books on aesthetics, art, health, and physical education - the text makes a significant contribution to costume studies, social history, and women's studies. Dressing the Man Mastering the Art of Permanent Fashion [Harper Collins](#) Dressing the Man is the definitive guide to what men need to know in order to dress well and look stylish without becoming fashion victims. Alan Flusser's name is synonymous with taste and style. With his new book, he combines his encyclopedic knowledge of men's clothes with his signature wit and elegance to address the fundamental paradox of modern men's fashion: Why, after men today have spent more money on clothes than in any other period of history, are there fewer well-dressed men than at any time ever before? According to Flusser, dressing well is not all that

difficult, the real challenge lies in being able to acquire the right personalized instruction. Dressing well pivots on two pillars -- proportion and color. Flusser believes that "Permanent Fashionability," both his promise and goal for the reader, starts by being accountable to a personal set of physical trademarks and not to any kind of random, seasonally served-up collection of fashion flashes. Unlike fashion, which is obliged to change each season, the face's shape, the neck's height, the shoulder's width, the arm's length, the torso's structure, and the foot's size remain fairly constant over time. Once a man learns how to adapt the fundamentals of permanent fashion to his physique and complexion, he's halfway home. Taking the reader through each major clothing classification step-by-step, this user-friendly guide helps you apply your own specifics to a series of dressing options, from business casual and formalwear to pattern-on-pattern coordination, or how to choose the most flattering clothing silhouette for your body type and shirt collar for your face. A man's physical traits represent his individual road map, and the quickest route toward forging an enduring style of dress is through exposure to the legendary practitioners of this rare masculine art. Flusser has assembled the largest and most diverse collection of stylishly mantled men ever found in one book. Many never-before-seen vintage photographs from the era of Cary Grant, Tyrone Power, and Fred Astaire are employed to help illustrate the range and diversity of authentic men's fashion. Dressing the Man's sheer magnitude of options will enable the reader to expand both the grammar and verbiage of his permanent-fashion vocabulary. For those men hoping to find sartorial fulfillment somewhere down the road, tethering their journey to the mind-set of permanent fashion will deliver them earlier rather than later in life. Hint's about Men's Dress, Right Principles Economically Applied [Palala Press](#) This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Dress and Popular Culture [Popular Press](#) The subjects of the essays in this book range from looking at the ever changing means of specific garments and clothing practices of subcultural groups to examining dress as a reflection of changing life styles in American culture. The essays also examine fashions, fads, and popular images. Dress and Popular Culture hopes to shed new light on popular culture through a study of the associations of dress to culture. With plates The art journal London Homo Et Canis Or, The Autobiography of Old Cato and Some Account of His Race Project Announcement Appropriate[ing] Dress Women's Rhetorical Style in Nineteenth-century America [SIU Press](#) Carol Mattingly examines the importance of dress and appearance for nineteenth-century women speakers and explores how women appropriated gendered conceptions of dress and appearance to

define the struggle for representation and power that is rhetoric. Although crucial to women's effectiveness as speakers, Mattingly notes, appearance has been ignored because it was taken for granted by men. Because women rarely spoke in public before the nineteenth century, no guidelines existed regarding appropriate dress when they began to speak to audiences. Dress evoked immediate images of gender, an essential consideration for women speakers because of its strong association with place, locating women in the domestic sphere and creating a primary image that women speakers would work with-- and against-- throughout the century. Opposition to conspicuous change for women often necessitated the subtle transfer of comforting images when women sought to inhabit traditionally masculine spaces. The most successful women speakers carefully negotiated expectations by highlighting some conventions even as they broke others. Bulletin The Art Journal Art-Union A Monthly Journal of the Fine Arts The Science of Personal Dress for Women and Girls CreateSpace A fully illustrated, 166-page synopsis from the classic work, "The Science of Personal Dress Complete Study." This has been adapted specifically for the selection of right color and lines in clothing for women and girls. This extends to their body shape, size of patterns and accessories determined by the spacing of face features, natural right colors, and style lines that fit the shape of the body. Knowing there is a scientific way to dress your body as nature intended brings a sense of reverence for self and others. It is never too early for girls and young women to understand they are not just a hap-hazard mix of genes or DNA, but have been orchestrated to perfection down to the tiniest fleck of color in the eye or turn of the nose. The work has been streamlined to answer the results from the body and color Questionnaire found in the book and on the website listed below which shows correct innate colors and clothing lines for each body shape. Fully illustrated descriptions of all traits and detailed directions on how-to combine Homebase and Inter-season application is explained clearly. The four body shapes are detail-illustrated with 525 itemized descriptive clothing lines which shows the different lines for each type. Face features are categorized and show how the shape, size and placing of each feature impacts patterns, fabrics and accouterments of clothing choices. Because of this work, lovely personal dress becomes an exacting science by simple formula and assures that good taste can be learned...absolutely! More information on the unique features of this work can be seen at www.thescienceofpersonaldress.com. Presented as a quick study, the following unique features are included: 1. Presented for the first time, hair and eye colors sorted, vibrationally arranged in order, and illustrated in a harmonic sequence of warm, cool and balanced colors. 2. All 10 Homebase color families are sorted and arranged in harmonic sequence so that people can see where they fit into the scheme of things. 3. The correct principle of complementary color balance is explained relating to a person's skin, hair and eyes. 4. Included are step-by-step instructions on how to combine Homebase colors with extended Inter-season colors for all

12 categories. 5. A new paradigm for body types based on geometric forms and clothing lines which align with each body shape and provides new parameters for measuring. 6. Detailed clothing lines are illustrated for each body shape. All categories of clothing, hairstyles, shoes and accessory lines have been itemized and delineated for each body type. 7. This book is not fashion, it is a thesis regarding what is appropriate, comfortable and natural for each body shape and there are consistent treatment lines for each. 8. 21 Point Questionnaire for Women and Girls for an in-depth, finely tuned color and body analysis. For more in-depth study and related information See www.thescienceofpersonaldress.com Dress Fitting, Classic Edition Basic Principles and Practice Wiley-Blackwell The techniques Natalie Bray pioneered and perfected revolutionised dress pattern designing, assisting the rise of the modern fashion industry. Her teaching has had a profound influence on design, production and education and her works are classics: fashions change but the principles of designing patterns in the flat do not. To be able to understand what is happening when observing a defect is already to have an idea of how to correct it. Here problems of figure, posture and of pattern adjustment are clearly explained so that the dressmaker can, with the confidence that comes with practical experience, learn to identify a defect and choose the best method of dealing with it.
