## **KEY=THE - HARVEY BROCK**

---

---

### **UNDERSTANDING GENDER BASED VIOLENCE**

---

---

#### **NATIONAL AND INTERNATIONAL CONTEXTS**

---

[Routledge](#) **This book aims to bring together the pioneering research on gender based violence that has been conducted by the Centre for Gender and Violence Research at the School for Policy Studies, University of Bristol. Topics discussed include violence in young people's relationships, prostitution policy, disabled women's experiences of domestic violence, men as victims of domestic violence, feminist movements and methodological concerns. This book will have a wide appeal, as each individual chapter builds on and contributes to existing global and national concerns about gender based violence. The book starts with an exploration of key theoretical, conceptual and methodological issues in researching gender based violence, then moves on to look at specific national (UK) based empirical studies. The final section brings together a wide range of research from diverse contexts, ranging from China, Iran, India and refugee camps in Rwanda. The book will be an invaluable resource for researchers, students and practitioners who have an interest in this area, as well as for policymakers around the world. It will also be of interest to the general reader who wants to learn more about what is now a highly topical issue.**

---

#### **APPLYING ANTHROPOLOGY TO GENDER-BASED VIOLENCE**

---

---

#### **GLOBAL RESPONSES, LOCAL PRACTICES**

---

[Lexington Books](#) **Applying Anthropology to Gender-Based Violence: Global Responses, Local Practices addresses the gaps in theory, methods, and practices that are currently used to engage the problem of gender-based violence. This book complements the work carried out in the legal, social work, and medical fields by demonstrating how a focus on local issues and local responses can better inform a collaborative global response to the problem of gender-based violence. With chapters covering Africa, Asia, Latin and North America, and Oceania, it provides ample evidence that richly textured and qualitatively informed research can illuminate work that is more quantitative in scope. The volume illustrates the various ways scholars, practitioners, frontline workers, and policy makers can work together to end forms of violence in their local communities. The chapters in this volume demonstrate that the ways top-down responses to violence have been inadequate, and that solutions are available when the local historical, political, and social context is taken into consideration. Applying Anthropology to Gender-Based Violence contains useful insights that, when combined with the efforts of other disciplines, offer solutions to the problem of gender-based violence.**

---

#### **CRITICAL CARIBBEAN PERSPECTIVES ON PREVENTING GENDER-BASED VIOLENCE**

---

[Taylor & Francis](#) **This book explores the widespread problem of gender-based violence in the Anglophone Caribbean, exploring reasons for its perpetuation, and proposing viable policy and programming solutions to prevent it. Drawing on the work of a multidisciplinary team of Caribbean researchers and practitioners, the book explores the ways in which violence victimisation and perpetration have been socially and institutionally shaped, and supported by fixed gender codes. Key themes in the book include the institutional frameworks and structural inequalities that perpetuate gender-based violence, the role of the church both in perpetuating the problem and its potential to combat it, the role of law, access to justice, and governmental and non-governmental responses to gender-based violence. The book covers violence against women, but also explores women as perpetrators, men and boys as victims, and gender-based violence against young persons. It also demonstrates the ways in which gender-based violence can further marginalise already marginalised groups, such as members of the LGBTQ+ community, or persons with disabilities. Bridging the divide between academia, government and civil society, this book challenges the normalisation of gender-based violence in the Anglophone Caribbean and proposes viable, culturally relevant solutions for prevention. It will be of interest to researchers and practitioners working on issues related to gender, the Caribbean, global development, criminology and human rights.**

---

#### **WOMEN'S VOICES FROM THE MARGINS**

---

---

#### **DIARIES FROM KIBERA, KENYA**

---

[Canadian Scholars' Press](#) **Women's Voices from the Margins explores the coping strategies, agency, and resilience of women living in Kibera, Kenya—one of Africa's largest slums. Based on a multi-year research project in which the author analyzed the diaries of 20 young women from Kibera, this thought-provoking book describes the women's lives,**

the realities of gender-based violence, and their responses and coping strategies. Drawing on both qualitative journal accounts and quantitative surveys, Elizabeth Swart reveals the agency and strength of these women, who create opportunities for themselves and their children despite the violence and extreme poverty that are a daily actuality of life in Kibera. Taking a global feminist perspective, the author considers the women's lives in the larger context of urbanization, globalization, and neo-liberal social policies. By presenting the voices of the young women alongside rich scholarly analysis, this engaging text will be a valuable resource to students and scholars of gender and women's studies, sociology, international social work, and global studies.

---

## **THE GENDER IMPERATIVE**

---

---

## **HUMAN SECURITY VS STATE SECURITY**

---

**Routledge** The book asserts that human security derives from the experience and expectation of human well-being which depends on four essential conditions: a life sustaining environment, the meeting of essential physical needs, respect for the identity and dignity of persons and groups, protection from avoidable harm and expectations of remedy from them. The book demonstrates their integral relationship to human security. Patriarchy being the germinal paradigm from which most major human institutions such as the state, the economy, organised religions and social relations have evolved, the book argues that fundamental inequalities must be challenged for the sake of equality and security. The fundamental point raised is that expectation of human well-being is a continuing cause of armed conflict which constitutes a threat to peace and survival of all humanity and human security cannot exist within a militarised security system. The editors of the book bring together 14 essays which critically examine militarised security in order to find human security pathways, show ways in which to refute the dominant paradigm, indicate a clear gender analysis that challenges the current system, and suggests alternatives to militarised security. With a mix of female and male feminist scholar activists as contributors, the book makes an important contribution to a new discourse on human security.

## **GENDER-BASED VIOLENCE**

---

**Oxfam** This book brings together some of the most interesting and innovative work being done to tackle gender-based violence in various sectors, world regions, and socio-political contexts. It will be useful to development and humanitarian practitioners, policy makers, and academics, including gender specialists.

---

## **THE OXFORD HANDBOOK OF THE PROPHETS**

---

**Oxford University Press** The Latter Prophets--Isaiah, Jeremiah, Ezekiel, and the Book of the Twelve--comprise a fascinating collection of prophetic oracles, narratives, and vision reports from ancient Israel and Judah. Spanning centuries and showing evidence of compositional growth and editorial elaboration over time, these prophetic books offer an unparalleled view into the cultural norms, theological convictions, and political disputes of Israelite communities caught in the maelstrom of militarized conflicts with the empires of ancient Egypt, Babylonia, and Persia. Instructive for scholar and student alike, The Oxford Handbook of the Prophets features wide-ranging discussion of ancient Near Eastern social and cultic contexts; exploration of focused topics such as the persona of the prophet and the problem of violence in prophetic rhetoric; sophisticated historical and literary analysis of key prophetic texts; issues in reception history, from these texts' earliest reinterpretations at Qumran to Christian appropriations in contemporary homiletics; feminist, materialist, and postcolonial readings engaging the insights of influential contemporary theorists; and more. The diversity of interpretive approaches, clarity of presentation, and breadth of expertise represented here will make this Handbook indispensable for research and teaching on the Latter Prophets.

---

## **BOYS, CHILDHOOD DOMESTIC ABUSE, AND GANG INVOLVEMENT**

---

---

## **VIOLENCE AT HOME, VIOLENCE ON-ROAD**

---

**Policy Press** Boys and young men have been previously overlooked in domestic violence and abuse policy and practice, particularly in the case of boys who are criminalized and labelled as gang-involved by the time they reach their teens. Jade Levell offers radical and important insights into how boys in this context navigate their journey to manhood with the constant presence of violence in their lives, in addition to poverty and racial marginalization. Of equal interest to academics and front-line practitioners, the book highlights the narratives of these young men and makes practice recommendations for supporting these 'hidden victims'.

## CONGRESSIONAL RECORD

---

---

### PROCEEDINGS AND DEBATES OF THE ... CONGRESS

---

---

### YEARBOOK OF THE UNITED NATIONS 2011

---

United Nations With its comprehensive coverage of political and security matters, human rights issues, economic and social questions, legal issues, and institutional, administrative and budgetary matters, the Yearbook of the United Nations stands as the most authoritative reference work on the activities and concerns of the Organization. Fully indexed, the Yearbook includes the texts of all major General Assembly, Security Council and Economic and Social Council resolutions and decisions, putting all of these in a narrative context of United Nations consideration, decision and action.

---

### PROTECTING CHILDREN IN ARMED CONFLICT

---

Bloomsbury Publishing In armed conflicts around the world, children are being killed, raped, abducted and recruited to fight at a shocking scale. In light of this continuing general failure to protect children in conflict, it is questionable whether existing international law norms and institutions provide sufficient protection and accountability. Consideration needs to be given to whether international law can do more - practically and effectively - when moral lines are crossed. That is the purpose of this book. It reviews the position of children in armed conflict by reference to the 'six grave violations' as identified by the UN Security Council. It analyses the protection offered by international humanitarian law, international criminal law and international human rights law, and also assesses the related adjudicative accountability mechanisms. The analysis concludes with a number of recommendations and proposals for reform, with a view to enhancing accountability and deterring future violations. The book has been written by a team of lawyers, headed by Shaheed Fatima QC, and has drawn on the input of an expert advisory panel comprising leading academics, policy-makers and activists. It has been written as part of the Inquiry on Protecting Children in Conflict. The Inquiry has been sponsored by Save the Children and Theirworld and chaired by former UK Prime Minister, Gordon Brown.

---

### WAR, WOMEN AND POST-CONFLICT EMPOWERMENT

---

---

### LESSONS FROM SIERRA LEONE

---

Bloomsbury Publishing Since the 1991-2002 civil conflict ended in Sierra Leone, the country has failed to translate the accomplishments of women's involvement in bringing the war to an end into meaningful political empowerment. This is in marked contrast to other post-conflict countries, which have increased the political participation of women in elected and appointed office, increased the representation of women in leadership positions, and enacted constitutional reforms promoting women's rights. Written by Sierra Leonean and Africanist scholars and experts from a broad range of disciplines, this unique volume analyses the historical and contextual factors influencing women's political, economic and social development in the country. In drawing on a diverse array of case studies - from health to education, refugees to international donors - the contradictions, successes and challenges of women's lives in a post-conflict environment are revealed, making this an essential book for anyone involved in women and development.

### UNITED STATES CODE

---

Government Printing Office

---

### JUDICIAL BENCH BOOK ON VIOLENCE AGAINST WOMEN IN COMMONWEALTH EAST AFRICA

---

Commonwealth Secretariat The Judicial Bench Book on Violence Against Women in Commonwealth East Africa situates VAW in Kenya, Rwanda, Tanzania and Uganda. By placing VAW within the socio-cultural and legal context of the region, the bench book will enhance the ability of judicial officers to handle cases of VAW, both within a human rights as well as a gender perspective.

---

### GENDERED SPACES, RELIGION AND MIGRATION IN ZIMBABWE

---

---

### IMPLICATIONS FOR ECONOMIC DEVELOPMENT

---

Taylor & Francis This book explores the intersections of gender, religion and migration within the context of post-independent Zimbabwe, with a specific focus on how gender disparities impact economic development. By demonstrating how these interconnections impact women's and girls' lived realities, the book addresses the need for gender equity, gender inclusion and gender mainstreaming in both religious and societal institutions. The book assesses the gender and migration nexus in Zimbabwe and examines the impact of religio-cultural ideologies on the status of women. In doing so, it assesses the transition of Zimbabwean women across spaces and provides insights into the practical strategies that can be utilised to improve their status both "at home" and "on the move". Furthermore, chapters show how space continues to be gendered in ways that perpetuate structural inequality to challenge the exclusion of women from key social processes. Contributing to ongoing scholarly debates on gender in Africa, this book will be of interest to academics and students of Gender Studies, Women's Studies, African Studies, Development Studies as well as advocates of human rights and gender activists.

---

## THE OXFORD HANDBOOK OF WOMEN, PEACE, AND SECURITY

---

**Oxford Handbooks** Passed in 2000, the United Nations Security Council Resolution 1325 and subsequent seven Resolutions make up the Women, Peace, and Security (WPS) agenda. This agenda is a significant international normative and policy framework addressing the gender-specific impacts of conflict on women and girls, including protection against sexual and gender-based violence, promotion of women's participation in peace and security processes, and support for women's roles as peace builders in the prevention of conflict and rebuilding of societies after conflict. Implementation within and across states and international organizations - and within peace and security operations - has been slow despite significant transnational advocacy in support of the WPS agenda. The Oxford Handbook of Women, Peace, and Security brings together scholars, advocates, and policymakers to provide an overview of what we know concerning what works to promote women's participation in peace and security, what works to protect women and girls from sexual and gender-based violence and other human rights violations, and what works to prevent conflict drawing on women's experiences and knowledge of building peace from local to global levels. Just as importantly, it addresses the gaps in knowledge on and the future direction of scholarship on WPS. The handbook particularly aims to build on the findings from the 2015 Global Study of Resolution 1325, commissioned by the UN-Secretary General. Over the course of six sections, the handbook addresses the concepts and early history behind WPS; the theory and practice of WPS; international institutions involved with the WPS agenda; the implementation of WPS in conflict prevention, peace operations, peace building, arms control, human-rights protection, and protection of civilians; connections between WPS and other UN resolutions and agendas; and the ongoing and future challenges of WPS.

---

## UNITED STATES CODE

---

### CONTAINING THE GENERAL AND PERMANENT LAWS OF THE UNITED STATES, ENACTED THROUGH THE 112TH CONGRESS (ENDING JANUARY 2, 2013, THE LAST LAW OF WHICH WAS SIGNED ON JANUARY 15, 2013)

---

"The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office"--Preface.

---

## MALE SURVIVORS OF WARTIME SEXUAL VIOLENCE

---

### PERSPECTIVES FROM NORTHERN UGANDA

---

A free open access ebook is available upon publication. Learn more at [www.luminosoa.org](http://www.luminosoa.org). Although wartime sexual violence against men occurs more frequently than is commonly assumed, its dynamics are remarkably underexplored, and male survivors' experiences remain particularly overlooked. This reality is poignant in northern Uganda, where sexual violence against men during the early stages of the conflict was geographically widespread, yet now accounts of those incidents are not just silenced and neglected locally but also widely absent from analyses of the war. Based on rare empirical data, this book seeks to remedy this marginalization and to illuminate the seldom-heard voices of male sexual violence survivors in northern Uganda, bringing to light their experiences of gendered harms, agency, and justice.

---

## LAW AND SOCIETY

---

### AN INTRODUCTION

---

**CRC Press** In recent years, legal studies courses have increased the focus on contemporary social issues as part of the curriculum. *Law and Society: An Introduction* discusses the interface between these two institutions and encourages students in the development of new insights on the topic. The book begins by introducing definitions, classifications, and the concept of the "rule of law." It then explores: Principal legal systems, including common law, civil law, Islamic and socialist systems, and American Indian law Feminist legal theories, critical race theory, and the roles of morality and values in social control The contributions of sociological research and its impact on the law Court systems and procedures, the exclusionary rule, and plea bargaining The nature and process of legislative, administrative, and judicial lawmaking Alternative dispute resolution and international arbitration and mediation The law as a mechanism for social changes, such as those brought on by the 1964 Civil Rights Act Issues related to the legal profession and

professional responsibility This text eliminates the need for a separate reader by also discussing controversial legal topics—including affirmative action, education, the death penalty, right to work laws, and abortion. Each chapter builds on the previous ones and includes concrete examples of the issues involved. Enhanced by chapter summaries of salient points, review questions, and practical exercises, the book is designed to encourage students in the development of new insights into the relationships between law and society.

---

### **YEARBOOK OF THE UNITED NATIONS 2013**

---

United Nations With its comprehensive coverage of political and security matters, human rights issues, economic and social questions, legal issues, and institutional, administrative and budgetary matters, the Yearbook of the United Nations stands as the most authoritative reference work on the activities and concerns of the Organization. Fully indexed, the Yearbook includes the texts of all major General Assembly, Security Council and Economic and Social Council resolutions and decisions, putting all of these in a narrative context of United Nations consideration, decision and action.

---

### **VICTIMOLOGY**

---

---

#### **RESEARCH, POLICY AND ACTIVISM**

---

Springer Nature This book explores what victimology, as both an academic discipline and an activist movement, has achieved since its initial conception in the 1940s, from a variety of experts' perspectives. Focussing on nine, dynamic and contemporary case studies covering topics like violence against women and girls, bereaved family activism, and environmental victims and climate change activists, each chapter critically examines how different crime victims have been politicised and explores the impact of victim-centred reforms upon criminal justice professional cultures. This book comprehensively and critically examines the historical, social and political factors, including the work of activists, that have shaped the development of theories, policies and reforms in this field, including how victimhood has come to be understood and responded to. The chapters also consider the future developments of this area, including how digital technologies are creating new forms and experiences of victimisation. Speaking to undergraduates, postgraduates and professionals in criminal justice and third sector organisations, this book discusses the links between theory, policy and professional practice and how they contribute to and facilitate debates regarding what the role of crime victims is in a 21st century criminal justice system.

---

### **PRINCIPLED NEGOTIATION AND MEDIATION IN THE INTERNATIONAL ARENA**

---

---

#### **TALKING WITH EVIL**

---

Cambridge University Press This book argues that it can be beneficial for the United States to talk with 'evil' - terrorists and other bad actors - if it engages a mediator who shares the United States' principles yet is pragmatic. It shows how the US can make better foreign policy decisions and demonstrate its integrity for promoting democracy and human rights, by employing a mediator who facilitates disputes between international actors by moving them along a continuum of principles, as political parties act for a country's citizens. This is the first book to integrate theories of rule of law development with conflict resolution methods, and it examines ongoing disputes in the Middle East, North Korea, South America and Africa. It draws on the author's experiences with The Carter Center and judicial and legal advocacy training to provide a sophisticated understanding of the current situation in these countries and of how a strategy of principled pragmatism will give better direction to US foreign policy abroad.

---

### **THE PALGRAVE HANDBOOK OF SMALL ARMS AND CONFLICTS IN AFRICA**

---

Springer Nature This handbook provides critical analyses of the theory and practices of small arms proliferation and its impact on conflicts and organized violence in Africa. It examines the terrains, institutions, factors and actors that drive armed conflict and arms proliferation, and further explores the nature, scope, and dynamics of conflicts across the continent, as well as the extent to which these conflicts are exacerbated by the proliferation of small arms. The volume features rich analyses by contributors who are acquainted with, and widely experienced in, the formal and informal structures of arms proliferation and control, and their repercussions on violence, instability and insecurity across Africa. The chapters dissect the challenges of small arms and light weapons in Africa with a view to understanding roots causes and drivers, and generating a fresh body of analyses that adds value to the existing conversation on conflict management and peacebuilding in Africa. With contributions from scholars, development practitioners, defence and security professionals and civil society activists, the handbook seeks to serve as a reference for students, researchers, and policy makers on small arms proliferation, control and regulation; defence and security practitioners; and those involved in countering violence and managing conflicts in Africa.

---

### **BY ALL MEANS NECESSARY: PROTECTING CIVILIANS AND PREVENTING MASS ATROCITIES IN AFRICA**

---

PULP

---

### **COURT COMPANION ON GENDER-BASED VIOLENCE CASES**

---

The Court Companion on Gender-Based Violence Cases navigates international law and Pakistan's domestic legal framework for an analysis of applicable legal norms to make justice more accessible to victims of gender-based violence. Affecting one in three women in the world, gender-based violence is pervasive but invisible. Social taboos,

patriarchal norms, and gender-unsensitized legal frameworks prevent victims from attaining justice. This publication is particularly useful for judges, prosecutors, and other justice sector stakeholders. It is also for anyone interested in pursuing justice, holding perpetrators accountable, and providing effective redress and reparation to victims of gender-based violence.

---

### **THE PRESIDENT**

---

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

---

### **SOLIDARITY AND DEFIANT SPIRITUALITY**

---

### **AFRICANA LESSONS ON RELIGION, RACISM, AND ENDING GENDER VIOLENCE**

---

[NYU Press](#) How activists in Ghana, South Africa, and Brazil provide inspiration and strategies for combating the gender violence epidemic in the United States How can the U.S. learn from the perspectives of anti-gender violence activists in South America and Africa as we seek to end intimate violence in this country? The U.S. has consistently positioned itself as a moral exemplar, seeking to export its philosophy and values to other societies. Yet in this book, Traci C. West argues that the U.S. has much to learn from other countries when it comes to addressing gender-based violence. West traveled to Ghana, South Africa, and Brazil to interview activists involved in the struggle against gender violence. In each of these places, as in the United States, Christianity and anti-black racism have been implicated in violence against women. In Ghana and Brazil, in particular, their Christian colonial and trans-Atlantic slave trade histories directly connect with the socioeconomic development of the Americas and historic incidents of rape of black slave women. With a transnational focus on religion and racism, West brings a new perspective to efforts to systemically combat gender violence. Calling attention to forms of violence in the U.S. and international settings, such as marital rape, sex trafficking of women and girls, domestic violence, and the targeting of lesbians, the book offers an expansive and nuanced view of how to form activist solidarity in tackling this violence. It features bold and inspiring approaches by black women leaders working in each setting to uproot the myriad forms of violence against women and girls. Ultimately, West calls for us to learn from the lessons of Africana activists, drawing on a defiant Africana spirituality as an invaluable resource in the quest to combat the seemingly chronic problem of gender-based violence.

---

### **WOMEN AND SECURITY GOVERNANCE IN AFRICA**

---

[Fahamu/Pambazuka](#) Debates about security governance in Africa and about the place of women within it have moved in parallel despite their interconnection. The authors align them, locating African-specific and feminist analysis within the security discourse.

---

### **LUST AND THE LORD**

---

### **A FIELD GUIDE TO THE CHRISTIAN DATING HABITAT**

---

[Createspace Independent Publishing Platform](#) A poignant and comical look into the dating habitat of the only people on earth that make it to heaven. This hilarious and highly useful manual, written by an insider, illuminates the truth about the Christian dating habitat. Regardless of your faith or lack thereof, you will thoroughly enjoy this in depth look into how church leadership has made a mess of dating within their congregations. "A very witty commentary on Christian dating with hilarious quotes, a must read for Christians and non-Christians alike" Huffington Post "A shockingly honest look at how the Church has done a disservice to Christians in regard to dating and marriage." Christianity Today

### **SORTING AFRICA'S DEVELOPMENT PUZZLE**

---

### **THE PARTICIPATORY SOCIAL LEARNING THEORY AS AN ALTERNATIVE APPROACH**

---

[University Press of America](#) Unlike many newly developed countries and regions, and contrary to the historical experiences of developed countries where ordinary people were full stakeholders and drivers of development, Africa's development has been top-down, expert and capital driven, mechanical, and typically externally designed. Ordinary Africans were made marginal to development. --

---

### **YEARBOOK ON THE AFRICAN UNION VOLUME 1 (2020)**

---

[BRILL](#) This is the first edition of the Yearbook on the African Union. It is first and foremost an academic project that will provide in-depth evaluation and analysis of the institution, its processes, and its engagements.

---

## **VIOLENCE AGAINST WOMEN**

---

### **AN INTERNATIONAL PERSPECTIVE**

---

[Springer](#) This is an international, comparative survey which interviews random samples of women about their experiences with male violence. The authors form a management team for the International Violence Against Women Survey (IVAWS). The primary objective of IVAWS is to investigate the level and nature of victimization of women in a number of countries worldwide This work builds on the international network and experience of the European Institute of Crime Prevention and Control (HUENI).

---

### **THE OXFORD HANDBOOK OF GENDER, SEX, AND CRIME**

---

[Oxford Handbooks](#) The editors, Rosemary Gartner and Bill McCarthy, have assembled a diverse cast of criminologists, historians, legal scholars, psychologists, and sociologists from a number of countries to discuss key concepts and debates central to the field. The Handbook includes examinations of the historical and contemporary patterns of women's and men's involvement in crime; as well as biological, psychological, and social science perspectives on gender, sex, and criminal activity. Several essays discuss the ways in which sex and gender influence legal and popular reactions to crime. An important theme throughout The Handbook is the intersection of sex and gender with ethnicity, class, age, peer groups, and community as influences on crime and justice. Individual chapters investigate both conventional topics - such as domestic abuse and sexual violence - and topics that have only recently drawn the attention of scholars - such as human trafficking, honor killing, gender violence during war, state rape, and genocide.

---

### **INTERNATIONAL CRIMINAL JUSTICE**

---

#### **LAW AND PRACTICE FROM THE ROME STATUTE TO ITS REVIEW**

---

[Routledge](#) This volume presents an overview of the principal features of the legacy of International Tribunals and an assessment of their impact on the International Criminal Court and on the review process of the Rome Statute. It illustrates the foundation of a system of international criminal law and justice through the case-law and practices of the UN ad hoc tribunals and other internationally assisted tribunals and courts. These examples provide advice for possible future developments in international criminal procedure and law, with particular reference to their impact on the ICC and on national jurisdictions. The review process of the Rome Statute is approached as a step of a review process to provide a perspective of the developments in the field since the Statute's adoption in 1998.

---

### **VIOLENCE AGAINST WOMEN AND CRIMINAL JUSTICE IN AFRICA: VOLUME II**

---

#### **SEXUAL VIOLENCE AND VULNERABILITY**

---

[Springer Nature](#) This book examines violence against women in Africa and criminal justice from the perspective of African scholars, practitioners and experts. As a global and long-standing issue, violence against women is gaining public visibility across the African continent with some states announcing a national crisis warranting immediate redress. At the global level, the elimination of all forms of violence against all women and girls forms a key part of United Nations Sustainable Development Goal 5: Gender Equality. Split across two volumes, these books present a comprehensive analysis of the latest research and theories, principles and practices of criminal justice systems, criminal justice accountability mechanisms, and the key challenges women face in their quest for justice on the African continent. This volume (II) focusses on sexual violence and vulnerable women's access to justice in Africa. Volume I focusses on legislation and its impact, the limitations of criminal justice responses, and the cultural and social norms regarding access to justice. Together, they adopt a comparative approach that highlight gaps and good practices to provide a rich source of authoritative information for promoting an intra-African dialogue and cross-fertilization of ideas across the different criminal justice traditions in Africa. Both volumes seek to advance discussions on eliminating violence against women in Africa and speak to those interested in criminal justice, violence, gender studies and African legal studies.

---

### **THE FEMINIST WAR ON CRIME**

---

#### **THE UNEXPECTED ROLE OF WOMEN'S LIBERATION IN MASS INCARCERATION**

---

[Univ of California Press](#) Many feminists grapple with the problem of hyper-incarceration in the United States, and yet commentators on gender crime continue to assert that criminal law is not tough enough. This punitive impulse, prominent legal scholar Aya Gruber argues, is dangerous and counterproductive. In their quest to secure women's protection from domestic violence and rape, American feminists have become soldiers in the war on crime by emphasizing white female victimhood, expanding the power of police and prosecutors, touting the problem-solving power of incarceration, and diverting resources toward law enforcement and away from marginalized communities. Deploying vivid cases and unflinching analysis, *The Feminist War on Crime* documents the failure of the state to combat sexual and domestic violence through law and punishment. Zero-tolerance anti-violence law and policy tend to make women less safe and more fragile. Mandatory arrests, no-drop prosecutions, forced separation, and incarceration embroil poor women of color in a criminal justice system that is historically hostile to them. This carceral approach exacerbates social inequalities by diverting more power and resources toward a fundamentally flawed criminal justice system, further harming victims, perpetrators, and communities alike. In order to reverse this troubling course, Gruber

contends that we must abandon the conventional feminist wisdom, fight violence against women without reinforcing the American prison state, and use criminalization as a technique of last—not first—resort.
