#### THE MUSLIM BROTHERHOOD AND AN-NAHDA SINCE THE ARAB SPRING

---

Saqi Books The Arab Spring heralded a profound shift in the Middle East, bringing to power Islamist movements which had previously been operating in the shadows. The Muslim Brotherhood stormed to victory in Egypt and emerged as a key player in Libya's nascent political arena. Meanwhile, An-Nahda found itself catapulted into power as the head of Tunisia's coalition government. For a while, it looked as though the region was entering the dawn of a new Islamist age. But navigating their respective countries through difficult and painful transitions ultimately proved too challenging for these forces, and, just as suddenly, the Brotherhood was dramatically overthrown in Egypt and left severely weakened in Libya. In Tunisia, An-Nahda managed to pull itself through the crisis, but its failure to articulate and deliver the hopes and aspirations of a large section of Tunisian society damaged its credibility. In this authoritative account, Alison Pargeter expertly charts the Islamists' ascent and subsequent fall from power. Based on extensive research and interviews with high ranking members of the Brotherhood and An-Nahda, Pargeter offers a comparative analysis of the movement in North Africa since the Arab Spring, and outlines the consequences of the Brotherhood's decline on both the region and the wider Islamist political project.

There are struggles between honor and greed, right and wrong, battlefields are soaked crimson over them. It makes you think and question 'What if?' due to the possibilities and theories contained within. It is purely fictional though based on a trilogy of poems I wrote. While hiking in Europe, Christian finds a unique rock formation resembling a rose hidden in shadows. While camping in the shadows, Christian hears the voice of a ghost telling a magnificent tale of times long past. The voice of Sir Rowan Baldin of the Knights Templar, born out of the aftermath of the Templar purge in France 600 years prior. Rowan's lineage managed to escape the purge to what is now known as Switzerland. There they helped shape a country while protecting their Templar roots in absolute secrecy. Rowan uses dreams and leads Christian on a fast paced adventure throughout Europe. Christian stumbles onto a number of remarkable discoveries, and is knighted by the modern day Templars he uncovers on his quest. Christian finds who he was meant to be. The Templars, these once 'warrior monks' are brought out of the shadows, and their reputation redeemed as their real story is told. This book is not suitable for children due to graphic nature of violence and adult situations. This is my first novel.

## A DARKENING TROPE IN POETIC HISTORY

---

University of Chicago Press In this book, based on unpublished lectures delivered at the University of Cambridge, the late John Hollander explores the poetic lives and afterlives of shadow, focusing on British and American poetry from the Renaissance to the end of the twentieth century. Hollander uncovers the myriad literary identities assumed by shadow its force as a metaphoric mirror, as material for parable, a form of knowledge, and a mode of vision. He shows us what kind of thinking can be done with and in shadow, and what love of shadow amounts to. In particular, he traces the history of how shadows acquire in poetry a mysterious substance the paradoxical means through which a thing, by nature secondary and passing, grabs at authority and becomes itself a source of life. In Hollander's poetic examples, shadow shows itself as a kind of light, clarifying things as much as it darkens them, even as it becomes a name for doubt and the unnamable. Hollander and the poets he discusses give us shadow as companion, comforter, and questioner; creator, stalker, and ghost; witness, destroyer, and double. If the book's argument suggests at moments an anatomy of melancholy, the shadow here is also an occasion of continuous wonder, an opening to the gifts of time."

## SHADOW OF THE FATHER

---

Kyell Gold "When a stranger arrives with a message that the Lord of Dewanne has died and appointed Volle's son Yilon his heir, the young fox realizes that there are worse places than Divalia. Dewanne is one of the most remote cities in Tephos, in a mountainous province where foxes rule and mice are relegated to menial jobs and a slum outside the main city. Which makes it more difficult for Yilon to explain why his companion, Sinch, is a mouse. Ever the schemer, Yilon hatches a plan to get sent home to Vinton. His plan quickly goes awry, as he finds that even in a backwards town, there are complicated politics, family betrayals, and ancient blood feuds, old wounds that his clumsy acts have reopened. With two different groups trying to kill him, and even the foxes on his side alienated by his attitude, he has nowhere to turn but Sinch. But Sinch has run afoul of a band of thieves in the mouse slums and now has his own death threats to deal with, not to mention the hatred of a city of foxes. Yilon will need all the stubbornness and cleverness he's inherited from his father just to survive to the next sunrise, let alone save his inheritance, his friend, and his new city."--Back cover.

## INCREMENTAL CHANGE IN FINANCIAL GOVERNANCE

---

ECPR Press In the aftermath of the financial crisis, why has the reform process been incremental yet the conditions for more rapid and abrupt transformations appeared to be available? Is there anything specific about financial policy that prevents more radical reforms? Drawing from Comparative Politics and Historical Institutionalism in particular, as well as International Political Economy, this book answers these questions by examining the particular institutional frictions that characterise global financial governance and influence the activity of change agents and veto players involved in the process of global regulatory change. The chapters in this volume collectively demonstrate that the process of change in financial rule-making as well as in the institutions governing finance does not fit with the punctuated model of policy change. The book also shows, however, that incremental changes can lead to fundamental shifts in the basic principles that inform global financial governance.

As they journey, the two become involved in a Siphthan rebellion and gain wary and unexpected allies of Siphthan, Arvai, and Harpies. When Aramay meets the Durani, the elements in physical form, myth becomes reality. The Durani have great power - but nothing, they say, compared to Aramay herself. She is the immortal Darnae, powerful beyond anything she can conceive - powerful enough to harm those she loves the most. Filled with magic and danger, dark fears and fragile hopes, Shadow's Light is a rich fantasy of the beauty and chaos of self-discovery.
